Sawubona!

Africa extends a warm welcome to you, the members of Round Square. Penryn College looks forward to hosting the International Round Square Conference in September. Together with Brookhouse College; Kenya, we hope that the 2012 conference will indeed be a very memorable one.

Conference theme

We are hoping that not only will our conference showcase the beauty of Africa but through our conference theme – “**no existence without co-existence**” each delegate will take time to reflect on the challenges that Africa and the world face. Our conference will focus on environmental and social issues and in so doing bring awareness to a generation that hopefully can make a difference.

Our **conference website** (www.round-square.co.za) is now active. To register please use the password which every school will be sent.

Please keep checking the website for updates.

Key dates to be aware of:
