HEROES

CGS: 1993-2013

Round Square Conference 2013 at Chittagong Grammar School

'Heroes' CGS 1993 - 2013

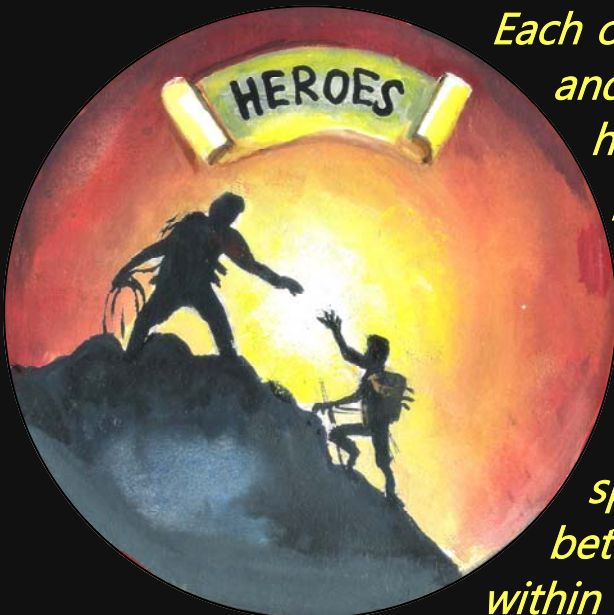

CGS Conference

Each year CGS hosts a conference to highlight relevant issues in a Bangladeshi and global context.

Between 2010 and 2012 we held a series of 3 conferences on Environmental Challenges, Global Inequalities and Technology for a Sustainable World.

Our 2013 conference coincides with our 20th birthday and we have chosen the theme of 'Heroes'.

Conference Theme

Each of us has the potential to be a 'Hero' and raise himself / herself to reach new heights and thereby lift the lives of people who come in contact with him / her.

We will explore the characteristics, traits and qualities that make a hero. Through discussions, keynote speeches and activities we expect to better understand how 'Heroes' emerge within our society.

We hope to prepare ourselves to become heroes through thorough self-reflection and sharing of stories of heroism; essentially discover the hero that lies within us.

In addition, we will celebrate the 'Heroes' of CGS, of Bangladesh and indeed the World over the last 20 years.

Activities

The conference will host keynote speakers who have made a mark as a hero in our society. It will facilitate discussions on the theme and will have Barazza and Reika group meetings and an adventure day trek. We will also build larger than life-sized 'Hero' sculptures and have quizzes, poster sessions and paint a 'Heroes' mural.
